Onboarding Guidelines

• Do Not send invitations to yourself.
• Payments to UC employees are considered taxable income and typically must be processed through the payroll system.
• Students do not need to be onboarded as vendors, to be paid with a Disbursement Voucher (DV).
• In some rare circumstances, UC employees or students may be onboarded as a vendor but special approval may be required by the relevant campus authority. (See the UCI Vendor Onboarding website for clarity)
Troubleshooting

**The vendor/payee has not completed the forms**

- The vendor will receive emails until the registration is completed or the reminders are cancelled.
- Reminder email notifications are *automatically* generated until the vendor clicks the PaymentWorks registration link.
- Do not re-send invitations unless the payee notifies you that they did not receive the initial email:
  
  - Vendor Invitation Email automatic reminder schedule:
    - 1\textsuperscript{st} reminder – 3 days
    - 2\textsuperscript{nd} reminder – 7 days
    - 3\textsuperscript{rd} reminder – 14 days
    - 4\textsuperscript{th} reminder – 21 days
    - 5\textsuperscript{th} reminder – 28 days
Troubleshooting

**How will I know when the vendor onboarding is complete in KFS?**

- You can check the status on the New Vendor Onboardings dashboard if the status indicates “Complete”.
- The initiator will receive an email from PaymentWorks when the onboarding process is completed and a KFS vendor number is assigned.

Troubleshooting

**Error when sending Payee invitation. “An invitation was previously sent to this email address”**

- PaymentWorks does not allow multiple invitations to be sent to a single email. Someone else may have previously sent the invite.
Troubleshooting

My payee did not receive the invite …

• Verify that the payee has checked their spam folder

Initiators have the ability to re-send an invitation. To resend invitation:

• Click the status in the Invitation column.

• At the bottom of the Invitation Details screen popout click “Resend Invitation” button.

• Resend requests will also route for Vendor Coordinator approval.
Troubleshooting

**Entered the wrong email address**

You can correct and re-send invitations with the following invitation statuses: Sent, Delivered, Not Deliverable.

To re-send invitation with the correct email address:

- Click on the invitation status.
- Select “Resend Invitation” button
- Enter correct email address under “Contact E-Mail”
- Click on the “Send” button when finished.
Troubleshooting

Who can I contact for inquiries, issues or support?

- For questions regarding the UCI vendor onboarding and registration process, contact the UCI Vendor Coordinator at vendor-coordinator@uci.edu.

- For questions regarding the PaymentWorks platform, or if you or the vendor are experiencing problems with using the PaymentWorks portal, contact support@paymentworks.com.
PaymentWorks Official Go Live

- PaymentWorks will go into production for the entire campus on **Monday, Nov. 2, 2020**.

- KVO will not be decommissioned until all pending vendor onboarding requests are completed, but you will not be able to use it to onboard new vendors.
